

...Encouraging Entrepreneurship!

The BMH Foundation

is encouraging medical entrepreneurship by funding seed money from the John W. Fisher Research Advancement & Venture Fund to

EXPLORE THE DEVELOPMENT OF INNOVATIVE PRODUCTS

which meet some or all of the following criteria:

- the project is unique, innovative and original in scope
- has the potential to advance medical science
- has the possibility for commercialization
- provides potential patient benefits
- is conducted in the local medical community in conjunction with the BMH Research Department

A maximum of 2 grants will be awarded ranging from \$1,000 - \$5,000 each

Ball Memorial Hospital
A Clarian Health Partner

Howard Brown, talks to Mariann Bartholomew about a new patient gown prototype. Mariann was a 2008 grant recipient.

BMH volunteer, Lois Jeffers, models the patient gown prototype.

Please log on to the BMH Foundation's website (www.bmhfoundation.org) for complete proposal criteria and instructions. The BMH Foundation Staff is also available to answer questions and walk you through the process.

Proposals are due October 5, 2009, and award winners will be announced at the John W. Fisher Lecture on November 11, 2009.

For more information contact the BMH Foundation at (765) 747-3420 or visit www.bmhfoundation.org.
